Description: The Department of Physical Education originally fell under the Division of Social Sciences and with successive organizational restructuring has been part of the College of Arts & Sciences and the College of Science and Mathematics. From 1988 2000 the Physical Education Department was combined with the Biology Department to form the Department of Life Sciences chaired by the Chairman of the Biology Department. With the addition of the Athletic Training Program in Fall of 2000, the Physical Education Department became the stand-alone Department of Kinesiology. Two subsequent organizational transfer changes to the Athletic Training Program have occurred: one in AY 2013-2014 to the College of Nursing and Allied Health, and another in AY 2014-2015 to the College of Health Sciences.

In 1994 the Department added an emphasis in Sports Medicine and Athletic Training which evolved into the Athletic Training Program which became fully accredited Fall, 2003. This undergraduate program was phased out in AY2015-2016 and replaced with the Master of Athletic Training Program (MAT) offered by the College of Health Sciences.

Collection includes proposals submitted to the Curriculum Committee and reports to accrediting agencies.

Arrangement:

Box	Folder	
1	1	<i>Proposal for the addition of an Athletic Training Track to the Existing Physical Education Bachelor of Science Degree, [submitted to the Curriculum Committee] November 30, 1993</i>
	2	<i>Charleston Southern University, Athletic Training Education Program. JRC-AT Self-Study, Spring, 2002</i>
